BEVARIN™ & BESORB™ COMPLEX

A revelation in holistic plant health.

BEVARIN™ Complex (among a myriad of health benefits) has shown in clinical studies to suppress appetite and control A1C - providing 100% natural weight and diabetes management. It is derived from an ancient landrace hemp strain.

BE LABS' proprietary extraction process achieves the highest naturally-occurring Cannabidivarin (CBDV) & Tetrahydrocannabivarin (THCV) profile of any cannabis oil on the market.

The ZVARIN+ line of products is a breakthrough in natural health support, and we are making these products available for white label and 3rd-party manufacturing the world over.

BE LABS

BE LABS, makers of CBD LUXE, VariGood Brands, and more, is a nutraceutical company with a passion for using plant-based science to improve health and wellness. BE LABS Accelerator is our Private Label Program, specializing in partnering with clients to develop and market brands worldwide.
