immune system

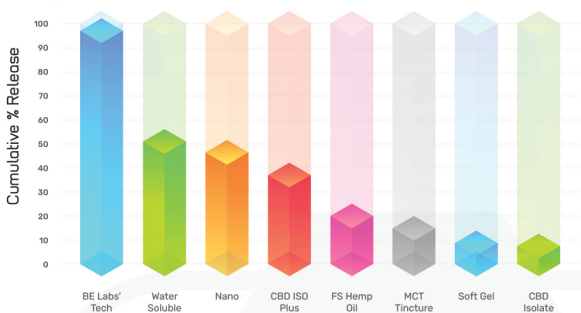

BE LABS

BE LABS BESORB™

A SUPERIOR CANNABINOID DELIVERY TECHNOLOGY

Total CBD Solubility 30-90 minutes.

Dissolution and solubility testing of CBD combined with BE LABS' BESORB modern pharma derived technology.

BE LABS' proprietary extraction process achieves the highest naturally-occurring Cannabidiol (CBDV) & Tetrahydrocannabinol (THCV) profile of any cannabis oil on the market. The BE LABS' line of products is a breakthrough in natural health support, and we are making these products available for white label and 3rd-party manufacturing the world over.
